Stone Age Artefacts

 <p>axe</p>	 <p>spear</p>	 <p>wall painting</p>
 <p>arrow heads</p>	 <p>cooking pot</p>	 <p>bone needle</p>

Write a label for this stone axe. Instead of writing 'axe,' add adjectives (rare, unusual, well-preserved, superb, precious etc.) and an imaginary date to the first line, followed by a comment on what it is for or where it was found.

**Unusual, Stone Age Hand-Axe, 5000BC with very sharp edges.**
