

Literacy TEAL group adding -ly to words

1) Adding -ly to words

When we add -ly to words ending in -y (like happy) **change the -y to an -i** (so happy = happily)

- Merry = merrily (merry **ends in a y** so we cross it out and change it to an i)
- Kindly = kindly (doesn't end in a y so it **stays the same**)
- **Only change to -i if the word ended in a -y**

Look at the words below and use the rule above to check which words are spelt correctly and which are spelt wrong, add them to the right place in the table.

Spelt right	Spelt wrong

2) When you have sorted the words, use the ones that are spelt correctly in sentences.

easily	gloomily	brightly	brightly
sadly	strangely	sweetly	gloomily
naughtily	merrily	easily	sadily
naughtily	merrily	strangly
